World Lung Foundation and Hold Medical Academy of India

jointly invite you to a master class webinar series on hypertension

Dear Brothers/Sisters,

Greetings!!!

World Lung Foundation and Hold Medical Academy of India jointly organizing a master class webinar series on hypertension, starting **17th June 2022**, Webinar schedule given below.

The purpose of this webinar series is “to promote standardised care for hypertension that is evidence based and aligned with international best practices.” Please see full schedule below.

We would be glad if you could join and participate. Those who attend all the five webinars will get a certificate from World Lung Foundation and Medical Council.

Additionally, a home BP monitor will be given to those who attend all five master class webinars and participate in Kahoot.

Limited seats available, please register here.

Looking forward to having you in this important webinar series.
